

SECOND CONGREGATIONAL CHURCH, BRIDGE-STREET.—Rev. N. H. Eggleston, from New-Haven, Conn., has accepted an invitation to take the pastoral charge of this Church, and commences his labors on the first Sabbath in October.

ACCIDENT.—A man by the name of William Dooley, a resident in Bolivar-street, in passing through Bond-street, Tuesday night about 10 o'clock, met with an accident by falling over some building materials lying on the sidewalk between Schermerhorn and Livingston-streets. He was taken to his residence by the Police of the Fourth District.

KINGS COUNTY BOARD OF SUPERVISORS.—This Board met yesterday afternoon at the County Jail. Present Dr. Berry, Chairman, presiding. The minutes of last meeting read and approved. A communication was received from the Superintendents of the Poor, with a proposition from Rev. J. Carter, of Brooklyn, for the erection of a house for religious worship on the County Farm at Flatbush, at a cost of \$1500, and recommending the same; to Alms House Committee to report.

The Committee on Accounts report the following bills for payment: Gen. Dwyer, District Attorney, \$500; W. Willis, \$115; A. V. P. Smith, \$115; S. J. Myers, \$210 75; H. Williamson, \$52 50.

A resolution was adopted authorizing Jail Committee to advertise and contract for coal and charcoal for the County Jail; also, tendering a vote of thanks to Supervisor Stillwell for the taste and economy displayed by him in fitting up the Court room.

The Committee on Equalization of Taxes, to whom were referred the assessment rolls, reported an increase of assessment in the Eighth Ward of Brooklyn, of fifty per cent.; in the Ninth Ward of twenty-five per cent.; and in the Tenth Ward of ten per cent. In New-Utrecht of fifty per cent.; and a decrease in Williamsburg of ten per cent.

Supervisor S. G. Bergen, moved as an amendment that the Rolls be approved, and at some length defended the estimates of the Assessors, arguing that they could not possibly be so much out of the way as they could—that they might err or differ in a small amount, but not to such a large one without violating their oaths, which he believed they regarded as much as the committee could, and they were more competent to judge than were the committee—that Board—or any other body of men. He proceeded to maintain his argument by citing cases in detail, showing how the assessments equalized as computed on the Rolls.

His Honor Conklin Brush and Supervisor Stillwell defended the action of the Committee, and Mr. Kent that of the Assessors. Supervisors Spinola, Sparkman and Michinson took part in the discussion, which occupied the whole afternoon. Supervisor Spinola incidentally mentioned that the Atlantic Dock buildings, in the Sixth Ward, had increased in value within one year, one million dollars; and Mr. Sparkman said he did not think all Williamsburg would realize two millions. The amendment was lost.

It was then moved by Mr. Kent that eight per cent. be added to the assessment in the Third and Sixth Wards of Brooklyn, and that ten per cent. be deducted from Williamsburg as proposed.

Mr. Stillwell moved to accept the Sixth Ward as returned by the Assessors, and that ten per cent. be deducted from Bushwick. After considerable discussion Mr. Kent withdrew, by consent, his amendment and offered in lieu thereof that eight per cent. be added to the assessments in the Third and Sixth Wards, that five per cent. be added to those of the Tenth, and that ten per cent. be deducted from the assessments of Williamsburg, and eight per cent. from that of Bushwick.

The Report of the Committee, as amended by Mr. Kent's amendment was adopted, ayes 11, nays 4, and the board, having been in session from 3 till 9 o'clock, adjourned till Wednesday next, Oct. 1, at 3 o'clock.

CITY COURT.—Before Hon. Judge GREENWOOD.—The Law of Exemption from Execution.—Millsburgh against A. B. Hodges, Sheriff of Kings County.—This cause, part heard and reported on Tuesday, terminated in a verdict for the defendant. C. J. Jack, Esq., who appeared for the plaintiff, argued that the property in question was exempt, citing the case of a doctor's horse, which had been held to be a necessary aid in his business, and as such within the meaning of the statute. Witnesses were examined on the part of the plaintiff, who testified that he was in the habit of traveling about with, and using the property. For the defense, witnesses were called who proved that he had offered the horse for sale. The judge charged the jury, among other points, that it was for them to say whether the plaintiff had treated the horse and wagon as necessary aids in carrying on his business, or as merchandise in which he dealt. Upon this point the jury found for defendant. The plaintiff obtained leave to file a bill of exceptions.

This cause concluded the calendar, when the jury were discharged for the term.

In the case of Goulard, which has given rise to so much litigation, it is likely that a jury will be specially summoned (if the parties appear prepared,) to try the issue whether he left with the intention to defraud the creditors.

Assistant Alderman McCarthy, of the Fourteenth Ward, took occasion recently to accuse Harvey Hart, Receiver of Taxes, with employing more clerks than was necessary to perform the labor of his office, in order to make political capital. Mr. Hart has very quietly refuted the slander, by publishing the following table:

Receiver of Taxes.	Year.	Ex. Clerks.	Am't collected.
Henry T. Kierstedt	1843	4	\$766,872 25
Henry T. Kierstedt	1844	5	1,274,025 13
John Stewart	1845	5	1,984,171 36
John Stewart	1846	5	2,229,325 43
Smith Downing	1847	5	2,231,130 90
Harvey Hart	1848	5	2,519,511 35
Harvey Hart	1849	5	2,837,776 60
Harvey Hart	1850	8	4,701,566 77

By this table it will be seen that in the year 1843, there was \$766,872 25 collected, and that four clerks were employed. In seven years the amount collected has increased to \$3,934,030 92—more than five times—while the number of clerks has only doubled. This simple statement effectually settles the Assistant's charge.

FIRE IN HOUSTON-STREET.—Within a few minutes of 9 o'clock on Tuesday night, a fire broke out in the basement of a dwelling-house at No. 407 Houston-street, occupied by Mr. E. L. Hyatt; and before the flames had made any great headway, Hesse Company No. 16, and Captain Salter, with a platoon of men, were promptly on the ground, and soon succeeded in extinguishing the fire, with slight damage to the premises.

FIRE IN THE FIRST DISTRICT.—Between 9 and 10 o'clock Tuesday night the Hall bell sounded an alarm of fire for the First District, which proceeded from the burning of a wooden shanty on the corner of Eighty-fourth-street and Eighth-avenue. No further damage was sustained.

FIRE FROM CAMPBELL.—About 9 o'clock Tuesday evening, a camphine lamp exploded in a thread and needle store at No. 25 Hudson-street, the fragments of which scattered in all directions, and set fire to the premises, but it was speedily extinguished before any alarm was given, and the damage sustained did not exceed \$30.

FIRE IN A CARPENTER'S SHOP.—Tuesday evening a fire was discovered among some shavings in a Carpenter's shop in Duane-street, near Church, which was quickly subdued by the Fifth Ward police, without an alarm.

The Providence Fire Engine Co. (No. 1.) (Hydrant), made their appearance in our streets yesterday, as the invited guests of Nos. 42 and 13 of this City. They are a fine healthy looking set of men, numbering about forty-five, dressed in blue flannel shirts and pilot cloth trousers, and are certainly a good representation from the Fire Department of our little neighboring State. They were preceded by the Providence American Brass Band, of some twenty-five members, and marched in an orderly manner to their place of rendezvous, "Tammany Hall," where a fine banquet was prepared for them by their hosts.

EXCURSION OF HOSE COMPANY No. 3.—Hose Company No. 3, Capt. J. D. Conaekwah; 3d, a gold pencil-case, won by John Lynch. The Company numbered 46 musketeers, and made a very fine appearance.

The Jackson Horse Guards of the 1st Regt. N. Y. State Militia, paraded yesterday. They mustered twenty-nine members, and were preceded by an excellent band. Their appearance, mounted on fine horses, was very much to their credit.

Travelers for Charleston will observe that as there is no steamer for Charleston this week, the steamship Roanoke will land passengers for the above port at Norfolk, connecting with the great southern road.

RAPID TRAVELING.—The steamer New World, on Tuesday last, made the run from this city to Albany in seven hours and forty minutes. We think this is the quickest passage ever made by a day boat.

This will be done by setting fire to a frame building several stories high, filled with combustibles, and when the flames have reached their height they will be "annihilated" almost instantaneously. The demonstration will take place in the vicinity of New-York, as soon as the machinery requisite for manufacturing the machines and chemical charges can be completed—which will be early in October—and several days notice will be given through the public papers.

The public's obedient servant,  
P. T. BARNUM,

SUFFOCATED.—The Coroner was called yesterday to hold an inquest at No. 232 Stanton-street, on the body of a man named James Plaub, born in England, 48 years of age, who came to a horrible death under the following circumstances. On Tuesday morning, a gentleman by the name of Alonzo Hyatt, residing at No. 332 Third-street, dropped his valuable gold watch in the sink attached to his house, and for the recovery of the same he offered a reward of \$10. When the deceased heard of the reward he was anxious to obtain it, and accordingly proceeded to the dwelling of Mr. Hyatt and descended the sink by means of crawling through the beams; while in search of the lever, he lost his hold of the beam, fell into the sink, and before he was extricated from his perilous condition, he was suffocated. The Jury rendered a verdict in accordance with the above facts—and we are pained to say that deceased has left a wife and ten children to mourn his untimely loss. The family are entirely destitute of means to support themselves, and were dependent upon the labors of the poor man for their livelihood.

INSTANTLY KILLED.—Yesterday afternoon while an Italian sailor, whose name we could not learn, was standing on the yard-arm of a boat, lying at the foot of Judge's-wharf, Pike-street, he lost his balance and fell to the deck of said vessel, which killed him instantly. The body of the unfortunate man was horribly bruised and several limbs crushed, and was placed in the cabin of the brig, to await a Coroner's inquest, which will take place this morning at 10 o'clock.

SAVED FROM PERDITION.—A few days since an interesting young girl, by the name of Miss Eliza Perkins, residing in Avon Co., became angry with her mother, and with a view of revenging herself, she packed up her wearing apparel, and during the absence of her parents, left her home and proceeded to a house of ill-repute, situated in Oak-street, where she engaged board and made up her mind to lead a miserable and wretched

life among the vices of her sex. Search was made her whereabouts by the police, but all in vain. Tuesday night when officers Lowmyer and Ryan, Eleventh Patrol District, traced the unfortunate to the above house and immediately took her into custody. She was then conveyed to her parental home, but not yielding to good advice, and as there was no alternative, she was sent to the House of Refuge b' the Mountfort, on the complaint and affidavit of her heart-broken mother.

INJURED BY A FALL.—At 11 o'clock, y day morning, while a carpenter named John D. residing at No. 159 Greene-street, was in the act justifying two beams on the second story of a new building in Canal-street, near Broadway, his foot slipped and he fell from the top of the beam, and was so injured. His shoulder-blade was fractured, and arms were broken.

ROBBING A CAP MANUFACTORY.—Officer of the lower Police Court, arrested a man yesterday the name of Myer Harris, upon a warrant issued Justice Osborne, wherein he stands charged with robbing the extensive cap manufactory of Mr. Charles at No. 133 Water-street, and appropriating the property of his employer to his own individual use. It is from the evidence of Mr. Fox that, during the past month, there has been some 20 dozen of fine silk caps taken from his establishment, which are valued at \$300, and suspected to have been so taken by Harris, who was formerly in the employ of the manufactory. After the accused was taken into custody, he obtained a clue to the stolen property, and proceeded to the store of Maurice Hartz, at N. Greenwich-street, where he succeeded in finding a portion of the plunder which had been purchased by the accused, in good faith, by Mr. Hartz, who stated Harris agreed to furnish him with ten dozen more same quality. Thus the evidence was very strong against the prisoner, and he finally confessed his guilt. He conveyed to the Tombs, where an examination place, and resulted in the accused being fully committed to prison for trial by Justice Osborne.

CAPTURE OF A FUGITIVE FROM BUFFALO.—A few days ago, a genteel looking man, by the name of Marsden, managed to obtain possession of \$600 worth of property, belonging to a merchant of Buffalo, by the name of Stephen Covell, with which he absconded and came direct to this city; upon which he changed his clothes and otherwise disguised his personal appearance in order to evade the Police and thus escape detection. A full description of the man was however, telegraphed to Mr. Matzell, of Police, who placed the matter in the hands of Mr. Radford, one of his efficient attaches, with instructions to make a thorough search for the absconding fugitive. The officer accordingly made a search among all the hotels, and yesterday he succeeded in arresting Marsden, who was met by Mr. Covell, the Chief of Police, who was met by Mr. Covell, and once recognized the accused, and he was detained until the necessary arrangements had been made to convey him back to the Queen city of the lakes.

ARREST OF AN ACCOMPLICE IN THE RE ROBBERY AND ARSON CASE.—In Tuesday's Tin published the arrest of Moses Stines, who was charged with robbing and setting fire to the premi Mr. Joseph Stern, No. 197 Houston-street. Since officer Whaley, of the Eleventh Ward Police, has very active in ferreting out the whereabouts of the der, and also in search of another German who was believed to be an accomplice in the matter, and yesterday he effected the arrest of a man named Moses Kiecker, upon suspicion of aiding and assisting Stines in the commission of the "double crime." The accused immediately conveyed before Justice Mountfort, at 11 o'clock, where he was met by Mr. Covell, who searched, and several gold watches and other articles stolen from Mr. Stern, were found secreted about his person, which at once fastened him with guilt, and Magistrate committed him to prison upon a charge of being a confederate with the former rogue, who planned and perpetrated the daring outrage.

ROBBING A COUNTRYMAN.—A female, of herself Jane Tripp, was arrested in the Fourth yesterday, by officer Nugent, charged with stealing sum of \$65 from the pocket of a countryman by the name of John L. Smith who resides in the inter Long Island. The accused was conveyed to the Police Court and committed to answer by Justice Horn.

BROOKLYN.

LAYING THE CORNER STONE OF METHUEN EPISCOPAL CHURCH, No. 8.—The corner stone of new church about to be erected for this congregation Carlton-avenue south of Myrtle, was laid yesterday Rev. Dr. Kennedy in the presence of a large number of persons, and several clergymen attended. The no little is to be a handsome frame one 42 feet by 7 lower floor being devoted to the use of library, lecture and class rooms. The estimated cost is \$5,000 which \$2,800 has been subscribed.

The exercises opened by a hymn chanted by the congregation; after which Rev. Mr. Curry, of the street church offered an appropriate prayer. The then sang the hymn—

"Behold the sure foundation stone," &c.

Dr. Kennedy then addressed the meeting, concluding them upon the view the City presented, stating it was with Christian Temples, and comparing feelings excited in their breasts to those which pressed St. Paul in his early mission, when tolli extended its boundaries and the population augmented, Churches sprung up in proportion to their increasing wants, where they could fearlessly worship the ever true and living God, and say, with the Psalmist, Oh Lord! I have loved the habitation of Thy house, and the place where Thy Honor dwelleth. Their attendance was an evidence that they loved the house of God, but he wanted them to show their fervency by the aid they gave to its erection.

A collection was taken up, amounting to about \$100. In the corner-stone were deposited a copy of the Bible, Methodist hymn book, discipline, memorandum book Mrs Hill, he espied the ancient and splendid edifices of Athens, totally given up to idolatry. Here as the city containing names of class readers and members of the Church, general history of the Church, and copies of several of the Brooklyn and New-York papers.

The Stone was laid by Dr. Kennedy, with the usual solemnity, and the ceremony concluded with the Doxology and a benediction.

This Society was organized in 1844 by eight members, and now numbers one hundred and forty-eight, under the pastoral charge of Rev. Nicholas White, at present absent from town.

The new building, it is said, will be completed in December next.

No. 1 of Providence, came to Brooklyn yesterday afternoon, and were received at the Fulton Ferry by a committee of Pacific Company No. 14 and escorted to the Navy Yard and City Hall, thence to the engine house of the Pacific Co. in Love-lane, where the splendid machine of the Rhode Island Co. was housed and the two Companies were taken by their Brooklyn hosts to Montague Hall, where a most beautiful collation was served up in a magnificent style. In due time the New-York Co. and their Hydrantion guests departed for New-York, carrying with them the most pleasing remembrance of the hospitality of their Brooklyn friends. The Hydrantion were accompanied by one of the finest bands in New-England—the American Brass Band, JOSEPH GREENE, leader.

MILITARY.—The Emmet Guard, Capt. Dodge, paraded to-day, with the Empire Band. By invitation of the Emmet Guard, Capt. McGrath, of New-York, they will visit that city in the afternoon. We are proud of our Irish-American citizen soldiers, and particularly Capt. Dodge's fine command. It is rather a small corps but it is in a very healthy and prosperous condition. Twenty good soldiers, properly disciplined, are mere efficient, and more to be desired by a commander, than forty of a different character. May they prove worthy compatriots of their gallant New-York namesakes.

THE WASHINGTON CONTINENTALS.—This Company arrived at Albany on Tuesday morning. The Albany Republican Artillery escorted them to their quarters, and afterwards the two Companies marched to the City Hall, where they were welcomed to the City by Mayor Perry, who extended to them the hospitalities of the City.

The Continentals will return to this City this morning.

"Prophecy is uncertain," has been marked by a distinguished individual, and we were f to acknowledge its truth when we looked out upon clear blue sky yesterday morning, and thought our prediction, that "thick shoes and umbrellas will be prevalent for the remainder of the week." The predicted rain did not make its appearance—bright shine being substituted at the last moment. Hereon we shall be careful how we prognosticate. We shall mystify as the weather, and when we venture to enlighten our readers, they may expect "an opinion as in an opinion," and safely "make a note on it."

The following are the operas selected: "Norma," "Linda de Chamounix," "La Fille du Regiment," the "Crown Diamonds." She has consented to four representations at the urgent request of many ardently desire to hear her in opera.

MISS HAYES'S CONCERT.—To-night MISS HAYES makes her second appearance in this city, the programme we notice "Casta Diva," which was ways a favorite with a New-York audience; "Oh, think, my bonnie lassie," "Those happy days are gone and 'Savouring Deceit," an Irish ballad, by HAYES. BERTUCCA-MARETZKY gives a solo on Harp, BRAHAM sings "When other lips," HEER NIGIS the aria "So la Vita," and MISKA HAASER plays solo on the Violin. Of course the house will be crowded.

The U. S. Mail steamer Florida, Capt. LYON, arrived from Savannah on Tuesday evening in sixty-eight hours. She brought \$25,000 in specie and thirty passengers.

The Brother Jonathan is laid up at the foot of 1 street.

THE BOARD OF ALDERMEN met at last evening, and after acting upon a large number papers, principally for and against the remission of sonal tax, adjourned to the first Monday in October.

The Committee on Repairs and Supplies submitted brief report, with plans of the Commissioner, for re-building of Essex Market, which, after a few remarks by Alderman Sturtevant upon the necessity rebuilding Washington Market, was adopted. The Committee ask for an appropriation of \$35,000 to defray the expenses thereof. The dimensions are 84 feet—The building to be of brick and to be used for Market, Police Court and Dispensary. The Commission also propose to build a Bell-Tower of iron on top of the Market. The Committee on Fire Department presented a report in favor of building a water Bell-Tower on the public square at the junction of Fourth and Grove-streets. A long and dry discussion ensued respecting its locality, and finally resolution was adopted with amendment, "that Tower be erected on the Jefferson Market square," instead of upon the site selected by the Committee. Commissioner of Repairs and Supplies was requested to advertise for proposals for the contract of building Tower of wood; also, for proposals to build it of iron, granting a lease of the Greenpoint Ferry Alexander II. Schultz, was concurred in. A series resolutions adopted by the Board of Assistants, prohibiting the sprinkling of Russ pavement between the hours of 8 A. M. and 5 P. M., was concurred in.

ANOTHER PROBABLE MURDER.—Yesterday afternoon a serious disturbance occurred at a police house in the lower part of Water-street, which, feared, has resulted in another murder. It appears trifling dispute arose between two men by the name Charles A. Bragdon, residing at No. 94 Roosevelt-street, and James Sherry, respecting some financial affairs. After quarrelling several minutes, blows passed between them, a desperate encounter followed, and during struggle Sherry pulled a large Jack-knife from his pocket, with which he stabbed his antagonist in the left arm inflicting a deep and probably fatal wound. The blood flowed profusely from the stab, and owing to the loss considerable blood, Bragdon became extremely weak was prostrated upon the floor, where he remained until the policeman arrived, at which time they arrested the assailant and conveyed him to the Tombs, where he was committed to prison to await the result of wounded man's injuries, who is now lying in the New York Hospital in a critical condition.

THE NEW-HAVEN RAILROAD ACCIDENT.—Recorder Geer proceeded to the New-York Hospital yesterday morning, and held an inquest upon the body of unknown man who was killed on the New-Haven railway on Monday night, and noticed in yesterday's Times. The engineer of the locomotive was sworn, and deposed that on the night in question he was in charge of the engine attached to a passenger train of cars on the New-Haven Railroad, and while approaching the village Pellhamville, he saw a man standing on the track, instantly sounded the whistle, to which he paid no attention. Witness then endeavored to reverse the locomotive, but could not accomplish it until the cow-catch had struck deceased in the legs. The deceased was about 45 years of age, and could not be identified by person; and the jury returned the annexed verdict: "That the deceased came to his death by accident coming in contact with a locomotive engine on the New-Haven Railroad, when near Pellhamville, Westchester county."

FELL FROM A NEW BUILDING.—Tuesday morning, about 9 o'clock, a house carpenter, (name of George Torkle, residing in Thirteenth street, near Avenue A, was terribly injured by being precipitated from the 4th story of a new building, in course of erection, in Eighth-street, between Avenue A and the First-avenue. It appears the unfortunate was engaged in adjusting some timbers of the first work, and owing to missing his footing, he fell, and landed among a pile of bricks, in the cellar, thus inflicting spine of his back, and causing a compound fracture of the skull. The poor man was rendered insensible to the fall, and it being deemed advisable, he was conveyed to the Bellevue Hospital, and placed under the treatment of a skillful surgeon.
